CAREER SUMMARY

I started my career by enrolling in ita academy. I soon realized that in order to learn something I had to practice on my own.
I was making websites and beginner applications to practice and shortly after that, I had the opportunity to make several real sites.
I am currently developing an app for selling records with a friend (https://treasurewax.net).

EDUCATIONAL TRAINING

- ITAcademy
- Certified JavaScript Devoloper
- completed 27 November 2020
